

RAM-EESH

GROUP OF INSTITUTIONS

Information Brochure

ABOUT THE CHAIRMAN

Dr. R.C. Sharma is the Founder Chairman of Ram-Eesh Group of Institutions. He has worked with NCERT & UNESCO in the field of education for more than fifty years with around 24 years as Senior Advisor in UNESCO, Bangkok & Paris where he provided advisory services to countries in Asia, Pacific and Africa in developing educational programmes for UN Funding, training of personnel, development of curriculum and materials and assessment/ evaluation of country programmes.

ABOUT THE INSTITUTIONS

Ram-Eesh Group of Institutions have been established under the aegis of Rama-Eesh Charitable Trust. The foundation stone was laid by the Chairman Dr. R.C. Sharma on November 21, 1997. The Institutions were inaugurated by the former Governor of U.P., Late Shri Vishnukant Shastri on September 4, 2001.

Ram-Eesh Group of Institutions aim to develop in the students a desire to excel in life in their chosen field of studies. In addition to academics, the students are exposed to a wide range of co- curricular and sports activities in order to develop an all round personality.

At Ram-Eesh, it has also become a continuous endeavor of all the Institutes to create socially aware and socially responsible individuals by inculcating the values of righteousness, integrity, service and truth.

QUALITY EDUCATION PROCESS AT RAM-EESH

A Holistic Approach towards Education, Experience & Exposure

COMMON FACILITIES

HOSTELS

Hostel facility is available both for boys and girls. The rooms are spacious, airy and well furnished. Excellent hygienic conditions are ensured through regular maintenance and cleanliness. Students have enough freedom to live independently but each one of them is required to follow a code of conduct so that all live like a 'joint family' and have a strong 'we' feeling. Full time watch and ward facility has also been provided by wardens residing in the campus to check any untoward incident and provide immediate help. In addition, there is 24 hours security available.

RAM-EESH BOYS HOSTEL

RAM-EESH GIRLS HOSTEL

MESS FACILITY

Mess facility is also available and good quality food is served at a reasonable rate. The spacious mess offers snacks, breakfast, lunch and dinner prepared in modern, hygienic and well equipped kitchen. The students have considerable choice in deciding the menu of their meals.

MEDICAL CARE

The Institute is empanelled with Kailash Hospital and Sharda Hospital, Greater Noida for medical emergencies. A registered nurse is also available on the campus during working hours.

LIBRARY

There is a collection of about 60,000 books with more than 20,000 titles. Good reference books, text books are available in the library. Educational journals, magazines, newspapers, encyclopedia and dictionaries are also available in the library. The students are given ample time to access and benefit from library resources.

SPORTS & GAMES

Ram-Eesh has sports facilities for indoor games such as Badminton, Carrom, Gym, Table Tennis, etc. & for outdoor sports such as Basketball, Football, Cricket, Volleyball, Athletics, Tennis, etc. Yearly sports meets are organized to ensure all round development of the students.

रक्तदान शिविर व थैलेसिमिया रोग के प्रति बच्चों को किया जागरूक

ग्रेटर नोएडा, 27 सितंबर (देहाबन्धु)। रामईश संस्थान, ग्रेटर नोएडा में 'विश्व थैलेसिमिया दिवस' मनाया गया। इस अवसर पर ग्रेटर नोएडा रोड के संस्थान में रक्तदान शिविर का आयोजन किया गया।

रक्तदान शिविर का आयोजन किया गया। संस्थान के छात्रों के लिए रोड के संस्थान की डॉ. लक्ष्मी सिंह द्वारा 'थैलेसिमिया- अनुवांशिक रक्त रोग' विषय पर प्रवचन भी कर दिया, जिसमें छात्रों को थैलेसिमिया से अवगत कराते हुए रक्तदान की महत्त्वता समझाई गई।

CO-CURRICULAR ACTIVITIES

At Ram-Eesh, the students' lives are packed with lots of co-curricular events. These not only help them unwind after intense studies but also shape them into well rounded, complete individuals.

The Cultural Fest and Annual Day are organized every year in which students exhibit their talent in music, dance, mime, debate and many other co-curricular events.

RECOGNITION AND AWARDS

Achievements by the students in academics, sports and co-curricular activities are recognized & appreciated with trophies and certificates during the annual function. Cash awards are also given.

STUDENT OF THE YEAR & TEACHER OF THE YEAR

Every year, each Institute gives a "Student of the Year" award to the student who has excelled in all fields, viz. academics, co-curricular activities, discipline, attendance, and all round behavior. The faculty of each Institute is also assessed and awarded for obtaining maximum theory percentage.

SCHOLARSHIPS

Scholarship and fee concession is given to poor and meritorious students by the Institutes and by the Samaj Kalyan Department.

RAM-EESH

INSTITUTE OF VOCATIONAL AND TECHNICAL EDUCATION

An NBA Accredited Institute in Greater Noida

ABOUT THE INSTITUTE

Ram-Eesh Institute of Vocational & Technical Education (RIT) was established in Greater Noida in 1999 under the aegis of Rama-Eesh Charitable Trust.

Ram-Eesh Institute of Vocational & Technical Education is committed to providing quality pharmaceutical education. The courses offered are Diploma in Pharmacy (D.Pharm), Bachelor of Pharmacy (B.Pharm) and Master of Pharmacy (M.Pharm) in Pharmaceutical Chemistry. All the courses are approved by AICTE & PCI. B. Pharm and M. Pharm are affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow and D. Pharm to Board of Technical Education, Lucknow. B.Pharm program is NBA accredited since 2010.

Pharmaceutical Sciences & Technology embrace many disciplines including physical sciences, bio sciences, basic medical sciences and technology. Discovery of drugs from natural and synthetic sources, their characterization and standardization, their absorption, metabolism and excretion, their manufacture, quality control and distribution form important areas of this subject. Far reaching advances have occurred in the field of drugs, but the developments in India have not been comparable to the challenges posed by the situation. Amongst the important emerging areas which require special thrust include drug design, targeted and controlled drug delivery system, biotechnology, immunodiagnostics, drug abuse and drug surveillance, drug receptor identification and isolation, bio pharmaceuticals & pharmacokinetics, newer analytical techniques, application of computers in pharmaceutical manufacturing, quality control, pharmacy practice, distribution and management, etc.

The developments in the above areas are very rapid and the role of a pharmacy professional in the health care system has become a tremendous challenge which requires planning and execution at accelerated rate. The need for a Pharmacy Professional to provide all information, service and advice instantly to a patient will be in high demand.

THE VISION

To provide specialized quality education in the field of pharmacy, producing graduates who can face the challenges and demands of the professional world, and contribute to the health of the society.

THE MISSION

To ensure that students acquire optimal theoretical knowledge, practical training of pharmacy through curricular and co-curricular activities and values of professional ethics.

PROGRAMME EDUCATIONAL OBJECTIVES

1. Graduates will be able to develop themselves into academically sound professionals by acquiring scientific and technical knowledge required to undertake responsibilities in a wide range of activities related to pharmacy profession. They will be ready to access and accept new technologies and challenges.
2. Graduates will be able to communicate and work effectively as part of team in their respective organizations and take responsibilities and leads as and when required.
3. Graduates will be able to learn professional ethics and imbibe value systems needed for growth and well-being of the society

BACHELOR OF PHARMACY

Duration: 4 Years (Eight semesters) full time course

Total Number of Seats: 100

Eligibility

B. Pharm. First Year

Candidates seeking admission for the B. Pharm. 1st year must have passed 10+2 or an equivalent examination without any grace from a recognized Board of Secondary Education with minimum of 45% marks (40% for SC/ST) either in PCB or PCM.

Through UPSEE Entrance Examination

Students who qualify State Entrance Examination UPSEE conducted by Dr. APJ Abdul Kalam Technical University (AKTU) Lucknow are eligible to apply and are admitted through counseling.

Under Management Quota

Students having passed 10+2 or equivalent examination with minimum 45% marks (aggregate) are eligible to seek admission in 1st year of B. Pharm. (Degree Course).

B. Pharm. Second Year through Lateral Entry Scheme

Candidates seeking admission to the B. Pharm. 2nd year must have scored 45% in aggregate in Diploma in Pharmacy.

DIPLOMA IN PHARMACY

Duration: 2 Years (Four semesters) full time course

Total Number of Seats: 60

Eligibility

D. Pharm. First year

Candidates seeking admission for the D. Pharm. 1st year must have passed 10+2 or an equivalent examination without any grace from a recognized Board of Secondary Education with minimum of 50% marks either in PCB or PCM.

Through JEECUP Entrance Examination

Students who qualify State Entrance Examination JEECUP Lucknow are eligible to apply and are admitted through counseling.

Under Management Quota

Students having passed 10+2 or equivalent examination with minimum 50% marks either in PCM/PCB are eligible to seek admission in 1st year of D. Pharm. (Diploma Course).

MASTER OF PHARMACY (PHARMACEUTICAL CHEMISTRY)

Duration: 2 Years (Four semesters) full time course

Total Number of Seats: 10

Eligibility

M. Pharm. First year

Candidates seeking admission for the M. Pharm. 1st year must have passed B.Pharm. with minimum aggregate score of 60% from PCI approved institution.

Through UPSEE Entrance Examination

Students who qualify State Entrance Examination conducted by Dr. APJ Abdul Kalam Technical University (AKTU) Lucknow are eligible to apply and are admitted through counseling.

Under Management Quota

Students having passed B. Pharm. with minimum 60% marks are eligible for admission in 1st year M. Pharm.

ADMISSION PROCEDURE

Candidates wishing to enroll must fill the prescribed form available online or at the Institute. The application should be accompanied by attested copies of the following documents:

- Notarized affidavit of Student and Parents/Guardian
- Mark sheet of Class 12
- Mark Sheet of Class 10
- Aadhar Card Copy (Parent's & Student's)
- Migration Certificate (in Original) or Transfer Certificate (in Original)
- Category Certificate (for SC/ST/OBC)
- Colored Passport Size Photographs (3)
- Domicile Certificate (in Original)
- Counseling Letter/ Allotment Letter (if applicable)
- Medical Certificate (by registered Medical Practitioner)
- Character Certificate from the last Institution (in Original)
- Marksheet of Diploma in Pharmacy (for lateral entry to second year)
- Fee Receipt (if applicable)
- Gap Certificate (if applicable)
- Marksheet of Bachelor of Pharmacy (For M. Pharm)
- Degree of Bachelor of Pharmacy (For M. Pharm)

FEE STRUCTURE

The fees will be charged as per the Fee Fixation Committee of the U.P Government.

The selected candidates must deposit fees at the time of admission on the prescribed dates. Fees paid will not be refundable after the process of admission is complete. Students can be debarred from taking sessional/University examination for non-payment of fees.

UNIFORM

Uniform, as decided by the Institute, is compulsory for all the students.

CAREER OPPORTUNITIES

Considering the tremendous expansion of modern medical facilities and the phenomenal growth of pharmaceutical industry in India, Pharmacy Graduates will have very attractive career opportunities in diverse fields, some of which are:

Community Pharmacy	Patient Counselling	Health Education
Self Employment	Pharmaceutical Industry	Retail Pharmacy
Clinical Research	Drugs Monitoring/Clinical Trials	Clinical Data Analysis
Industrial Pharmacy	Manufacture & Quality Assurance	Pharmacy Business Management
Research & Development	Drugs Design	Formulation Development
Drugs Control & Admn.	Drugs Control Officer/Inspector	Drugs & Regulatory Affairs
Academics	Educational Programs	Educational Policies
Hospital Pharmacist	Dispensing of Medication	Sale of Drugs
Pharmacovigilance	Medical Coding	Medical Writing
Market Research	Product Management	Marketing

PHARMACEUTICAL RESEARCH ACTIVITIES IN THE INSTITUTE

GOVERNMENT SPONSORED RESEARCH PROJECTS UNDER AICTE, DST & MSME

INSTITUTE-INDUSTRY COLLABORATION

The Institute has collaborated with Shriram Research Institute; Pharmazz India Pvt. Ltd.; Koprana Pharmaceutical, Mumbai; vLife Technologies and Enoble IP for Research & Development.

DEPARTMENT OF PHARMACEUTICS

Pharmaceutics is one of the core pharmacy subjects which gives knowledge to the students about the different dosage forms, their manufacturing methods, active ingredients, additives, stability, storage conditions, rules and regulations to be maintained in handling drugs, GMP, quality control, in-process quality control, community pharmacy, hospital pharmacy, posology, pharmaceutical calculations for delivering drug dosage, etc. It has the following labs:

Pharmaceutics Laboratories help in training the students in drug formulations like tablets, capsules, parenterals, ointments, creams, eye drops, syrups, drug interaction, stability, shelf-life studies, etc. Different aspects of filling, packing, sealing, and labeling are studied by the students. Various practical aspects of Pharmaceutics like Physical Pharmacy, Pharmaceutical Engineering, Dispensing Pharmacy, Pharmaceutical Technology, Bio pharmaceutics, Community Pharmacy, Pharmaceutical Biotechnology, Pharmaceutical Regulatory Science, Novel Drug Delivery Systems etc. are taught to the students.

Pharmaceutics Laboratory (Microbiology Lab): This lab with its attached aseptic room as per GLP guidelines is suitable for preparation and sterilization of culture media both for static and broth cultures. It is also used for staining and identification of bacteria and fungi. The lab is suitable for the evaluation of antiseptics and disinfectants, for the determination of phenol coefficient, microbial assay of vitamins, antibiotics, etc.

Pharmaceutics Laboratory (Machine Room): The Institute has an attached machine room equipped with all the modern equipments and instruments related to the production and in-house quality control of tablets, capsules, liquids and injectibles.

Pharmacy Practice Laboratory provides proper drug information services like MEDLINE (an online software database) through which information about the new drugs can be obtained. It is also equipped with various types of medical journals like MIMS, CIMS, etc. Pharmacy practice also deals with the preparation of Patient Information Leaflet (PIL). Apart from this, pharmacy practice is also concerned with the organization of awareness camps viz. Health Camp, Eye Check-up Camp, Blood Donation Camp, etc.

DEPARTMENT OF PHARMACOLOGY

Pharmacology gives knowledge about human anatomy and physiology, drugs used for different diseases, dosage, routes of administration, absorption, mechanism of action, drug action, drug interaction, adverse reaction, side effects, drug excretion, alternative drugs, etc. It gives knowledge of animal study and about drug testing on animals before the drug is taken for clinical study. In fact the core subject knowledge helps in producing pharmacists who are experts in handling the drugs appropriately. It has the following labs:

- HAP Laboratory
- Pharmacology Laboratory

Animal House: According to the requirements of CPCSEA, the animal house is provided to facilitate learning of Pharmacological screening methods.

DEPARTMENT OF PHARMACOGNOSY

Pharmacognosy gives complete knowledge about the natural medicines which are obtained from plants, animals, marine and microbiological sources. It has the following labs:

Pharmacognosy Lab is meant for isolation, separation, purification, identification and evaluation of medicinal plants by studying morphology, microscopy and powder analysis. The lab is also suitable for organoleptic evaluation of crude and natural drugs. The laboratory is also meant for extraction of active principles of crude drugs.

Museum: The Museum is filled with all kinds of educative anatomical models and samples of herbs & medicines.

Herbal Garden: Herbal Garden at the Institute helps students identify the medicinal herbs. Herbs are cultivated according to their season to get maximum yield of useful components of herbal drugs and then used for research projects.

DEPARTMENT OF PHARMACEUTICAL CHEMISTRY

Pharmaceutical Chemistry gives knowledge about physical, inorganic and organic chemistry followed by medicinal chemistry and biochemistry. It gives detailed knowledge of the chemistry of the drug, drug preparation by synthetic and semi-synthetic methods, analysis of drugs before and after the preparation of drugs, use of analytical instruments and sophisticated instruments like UV, IR, HPLC, etc. In this subject, the students learn about the complete chemistry of drugs. It has the following labs:

Pharmaceutical Chemistry Lab is meant for synthesis and purification of chemical compounds; identification of medicinally active compounds; analysis of biological samples like urine, blood etc. and testing and identification of impurities.

Pharmaceutical Analysis Lab is suitable for analysis, quality assessment and quality control studies of drugs on finished products.

Central Instrumentation Lab provides instrumentation facility for students and faculty for conducting analytical practicals & research work. This laboratory is well equipped with all necessary instrumental facilities such as HPLC, Infrared spectroscopy, Visible & UV Spectrophotometer, Flame Photometer, Conductivity meter, Potentiometer, Digital balance, Fluorimeter, Digital pH meter, Brookfield Viscometer, etc.

Language Lab is an audio-visual installation used as an aid in modern language learning techniques. The language labs allow teachers to monitor, control, deliver, group, display, review and collect, audio, video and web based multimedia content. The student player is linked to the teacher console and can play audio, video and web based formats to make easy understanding of basic concepts.

INDUSTRIAL TOUR

The Institute of Pharmacy arranges an Industrial tour for students every year as part of the course curriculum. The students of final year are taken for industrial visits all over India. Students are given a complete picture about analytical techniques with sophisticated instruments and about research and development in industry.

The Institute of Pharmacy has established the Ram-Eesh Pharma Club which organises various health checkup and awareness programs throughout the year in Greater Noida and surrounding villages.

RULES & REGULATIONS

1. Students must respect all teachers & authorities. They must be courteous and polite to everyone including their fellow students.
2. The property of the Institute is your own property. Any damage done to the property will have to be compensated by the student responsible.
3. Attendance in all activities and functions of the Institute is compulsory.
4. All the students must observe punctuality. Late comers may not be allowed to enter the class.
5. The minimum attendance is 75 percent, as per University norms.
6. Students absent on the previous day without leave application will not be admitted to the class unless a written application submitted.
7. A student, due to illness for more than 3 days, must submit a medical certificate.
8. All possible precautions are taken to prevent accidents in the laboratories of the Institute. The Management, however, is not responsible for any harm or injury caused to the students due to hazardous nature of practical work.
9. The following acts are strictly prohibited within campus. If any student is found guilty of any of the following acts, he/she can be suspended or even expelled from the Institute:
 - Indulging in ragging
 - Use, possession and distribution of drugs, alcohol, or other potentially harmful substances.
 - Disruption or obstruction of the functioning of the Institute through violence, defiance, force, coercion, threat, intimidation or fear.
 - Assault or physical injury to faculty, staff or fellow students.
 - Arson or vandalism of property in campus.
 - Initiating a false fire alarm.
 - Theft of any property or things.
 - Extortion, continual insubordination, or disrespectful behavior.
 - Forceful, unapproved or irregularly entry (or attempts to enter) of building.
 - Behavior off-campus to be considered unlawful, or which portrays a negative image of the Institution.
 - Use of profane, vulgar or other improper language.
 - Display of unethical physical affection.
 - Gambling, chain letter, or selling items for personal profit.
 - Forgery of any nature.
10. The name of a student may be removed from the rolls if
 - He/She gives a written request, endorsed by her parent/guardian.
 - He/She is absent without permission/leave, for five days consecutive days.
 - He/She is expelled or rusticated.
 - He/She has broken the rules and regulations more than once.
11. No visitor will be allowed to contact any students without prior permission of a responsible person of the Institute/Management.
The decision of the administration shall be final.
Ragging is prohibited as per rules of Honorable Supreme Court of India & all possible measures are taken to ensure that no case of ragging takes place.

Note: The matter set forth in the prospectus is for informative purposes only and should not be construed as the basis of any contract between R.G.I. and the student. R.G.I reserves the right to change any provision without notice.
